

## Little Hearts Play Group

Little Hearts Play Group is a supported play group run by the Sacred Heart Primary School for the community.

We have been nurturing the hearts minds and spirits of primary school children and their families for 50 years, and will now be nurturing the hearts, minds and spirits of toddlers and preschoolers and their families in our community through our Little Hearts Play Group.

The educational program is designed for 2-4-year-old children with the support of their parent or carer.

Little Hearts Play Group is a member of the ACT Play Group Association.

### What we offer children

Little Hearts Play Groups offers toddlers and preschool children the opportunity to grow and learn alongside their parents and care givers.

Through a diverse range of educational activities children will:

- explore and make discoveries
- practice their fine and gross motor skills
- develop the social and emotional skills needed for school
- develop the foundations of literacy and numeracy
- have fun while they learn

## “It takes a village to raise a child”

### What we offer parents

At Sacred Heart we know and understand the truth behind this African proverb.

We want to support parents in the most important and significant job they will ever have.

At **Little Hearts Play Group** as a parent you will find a welcoming community where you can share and receive ideas to enhance your child's learning at home.
